Middle School Yearbook Receives Exceptional Honor

You are constantly hearing about the wonderful yearbook that is available for your students here at Robinson. Every year, Mrs. Hinman, our yearbook sponsor, and her student staff put out high quality, award winning yearbooks. In November at the National Scholastic Press Association (NSPA) convention in St. Louis, Mrs. Hinman and her students received NSPA's Hall of Fame award in recognition for having earned ten All-American ratings in eleven years. This is no small feat. In fact, there are only 189 schools nationwide that can boast of winning All-American ratings this year. Of those, only 81 yearbooks have Hall of Fame honors. Robinson Middle School is the tenth school in Virginia and the first and only middle school to have received the Hall of Fame honor ever. Congratulations to Mrs. Hinman for this great honor!
